Education

Uppsala University 2015 – current:

Computer Science, added courses in mathematics.

I have used this program to further develop my experience and knowledge in programming and optimization, giving me a deeper understanding of how to write efficient and maintainable programs.

Thorildsplans Gymnasium 2009 – 2012:

Technical program with emphasis on network and programming

This program gave me valuable experience in programming and provide a solid foundation, without losing the possibility of further education.

Skills

Fluent in many programming languages

including **C** and **C++**, Java, as well as many more.

Strong mathematical skills

including grades in courses such as **linear algebra**, calculus and much more.

Experienced in code and data optimization

Key part of the Computer Science program at Uppsala University.

Experienced programmer

Studied programming for 5 years, active amature programmer for 7+ years.

Deep understanding of multi-threaded and parallel programming.

Also including the knowledge of how these systems work and are built.

Languages

English – Fluent

Swedish – Fluent

Italian – Conversational.

Work Experience

Consultant 2013 – 2015:

[Proffice](#) – Stockholm, Sweden:

Substituted wherever they needed me, for example at tradeshow and at [Verizon](#) with responsibilities ranging from managing the tradeshow booth to answering telephones and receptionist duties at [Philips](#).

This job gave me invaluable experience in adapting and dealing with different kinds of people and situations, as it was incredibly diverse and forced me to adapt to working with all kinds of different people doing all kinds of different tasks.

Non work experience

Student dorm manager 2015 – current:

Uppsala, Sweden

Elected by the residents, responsible for setting rules and creating events to provide an as comfortable as possible living experience in the dorm as well as a good relationship between dorm-mates.
